DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 2 February 2007 has been entered.

Allowable Subject Matter

Claims 1,3-12,14-19,21-26 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Regarding claims 1,12 and 19, the prior art fails to disclose or suggest the deposition of a refractory metal nitride layer by cyclical deposition alternately pulsing a metal containing compound and a nitrogen containing compound on a planarized metal and dielectric surface.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
